Cut the tool. Then position the wider end where you would wear your Renewd Watch. For a more accurate measurement, you can use a piece of sticky tape to hold the wider end in place.

Wrap the tool tightly around your wrist, keeping it in place where you would wear your Renewd Watch. Make sure the tool feels snug and doesn't slide up or down.

Note the number the arrows are pointing to. That is your band size!

If the arrows point to a line, choose the smaller of the two numbers closest to the line.
